

of the eye.

IN THE DRAWINGS

The Applicant is submitting new drawings (Figure 1-11) to replace the existing drawings in a separate letter to the Official Draftsman.

REMARKS

Claims 2-30 have been deleted.

Claims 31-44 have been added.

Claims 1 and 31-44 remain in the application.

The Applicant is submitting a substitute specification attached hereto. A redlined version of the specification to be deleted is also attached. Pursuant to 37 C.F.R. § 1.125(b), the Applicant states that no new subject matter has been included in the substitute specification.

As stated above, this application is a continuation of co-pending United States patent application serial no. 09/032,830 filed on March 2, 1998 (the “‘830 Application”). The ‘830 Application is a continuation-in-part of then co-pending patent application serial no. 08/462,649 filed June 05, 1995, now United States patent no. 5,722,952 (the “‘649 Application”). The ‘649 Application was a co-pending divisional of United States patent application serial no. 08/139,756, filed, October 22, 1993, now U.S. Patent No. 5,489,299 (the “‘756 Application”). The ‘756 Application was a co-pending divisional of United States patent application Serial No. 07/913,486,
